The advantages offered by

**deutschmitspring**  
Corporate Language Training

One of the services provided by **deutschmitspring®** is Corporate German language training.

**With corporate German language training, you can communicate with your customers more comfortably and reach your goals as a company in a short time. Companies that sell internationally or are in constant contact with customers abroad need to understand the importance of corporate language training for their employees.**

*Companies with employees who speak more than one language can improve internal communication, efficiency, and productivity more conveniently.*

*Corporate German training helps the company to develop globally while increasing its intercultural communication skills.*

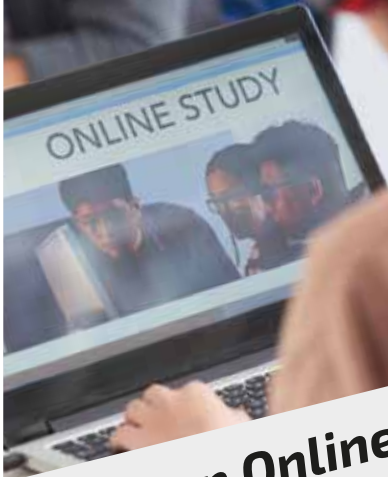

*By providing your staff with corporate German training, you can ensure that your company moves to a better point and strengthen your communication with your customers.*

*By providing your employees with in-house German training, you can reinforce their loyalty to your company, thus creating a senior and competent staff in your organization.*

*The trainings given by the teaching staff of deutschmitspring®, who speak German at the native level, are specially prepared within a tailor-made program. By improving the listening, comprehension, reading, writing, and speaking skills of the personnel, it is ensured that they communicate better with German customers or German companies.*

*If you want to improve your company and increase the competence of your employees, you can take advantage of the corporate German language training programs within deutschmitspring® and take an important step to increase your company's share in the market.*

# OUR SERVICES

## German Online Language Courses

We have courses covering all the levels from A1 to C2, which satisfy various needs such as

- “General German Courses”,
- “Family reunion Courses”,
- “Vocational German Courses”,
- “Preparation Courses for telc Exams”,
- “German Language Courses Specific to Companies”.

In addition to group lessons, we also provide individual private lessons.

## German Courses in Specialized Fields

### C1 Hochschule

C1 Hochschule is a very advanced telc exam. Those who desire to get an education a university providing education in German or to progress their career academically have to pass the C1 Hochschule Exam.

### B2-C1 Standard Sprachkurse für FSP

This is an exam, in which competency in a professional field is proven. Medizin Fachsprachprüfung expects people to have some qualifications in both B2 and C1 levels. It is measured whether or not one can easily adapt to the daily business of a hospital. Technical language and skills specific to the work are highlighted in the exam.

## Standard and Intensified Courses

The courses, the contents of which are prepared in accordance with different needs, are separated within themselves into two different categories as standard and intensified.

The intensified courses are completed in a shorter period compared to the standard ones. The same topics are learned with an intense programs in an accelerated way.

The Standard Courses address the people who want to complete the language training in a more wider period of time. Generally, those courses are completed in 3 to 4 months

## Vocational German Courses

These are language courses provided for different occupational groups. Engineers, lawyers, and teachers can attend the online German courses in order to in their fields.
